MEMORANDUM FOR: Deputy Director for Administration  
Deputy Director for Operations  
Deputy Director for Science and Technology

FROM : John H. Waller  
Inspector General

25X1A SUBJECT : Designation [REDACTED] for  
Testing Concept of Combined Audit/Inspection Review

C. IG 76-2684, 3 August 1976 (to DDS&T)

1. In references I called your attention to the concept of conducting combined audits and inspections in those selected components which might benefit most from this technique. This would include components which utilize significant amounts of human or financial resources, or manage financially important programs. [REDACTED]

25X1A

[REDACTED] meet these criteria. They are scheduled for financial and compliance audits in the Fall 1976, so they have been selected for this combined review which is intended to test the validity of the concept of combining the audit and inspection functions. I believe the auditors and inspectors will mutually supplement each other's efforts, thereby giving greater dimension to the work of both.

2. [REDACTED] the inspector while there will, in addition, complete the normal inspection which had been delayed in May at the request of the COS.

25X1A

3. [REDACTED] the inspectors will take the occasion of their presence to supplement the current Phase I inspection of DDO, and to work with Station personnel to more accurately define compliance problems posed by the Executive Order and [REDACTED] and [REDACTED] to be helpful in recommending systems to prevent violations from occurring. As time permits the inspectors will perform those functions normally performed by inspectors, including hearing grievances.

4. Additional details concerning participation in these reviews at the three selected Stations are as follows:

25X1A

a. [REDACTED] The audit team, headed by [REDACTED] is scheduled to conduct an audit from 9 September to 2 October 1976. The audit will include coverage at [REDACTED]

25X1A b. [REDACTED] The audit team, headed by [REDACTED] 25X1A  
25X1A [REDACTED] is scheduled to conduct an audit from 20 September to  
19 October 1976. The audits [REDACTED] will 25X1A  
be conducted during the same period. I have appointed Bill  
25X1A [REDACTED] to join the auditors because he participated in the  
25X1A incomplete May 1976 inspection [REDACTED]. He will  
complete that inspection and conduct any additional activities  
he or the Station believe necessary. I plan to brief the  
25X1A Chief of Station, [REDACTED] on the audit/inspection concept on 25X1A  
23 August 1976.

25X1A c. [REDACTED] The audit team, headed by [REDACTED]  
25X1A [REDACTED], is scheduled to conduct an audit from 13 October to  
12 November 1976. I plan to appoint [REDACTED] as the 25X1A  
inspector to accompany the auditors and conduct the Inspection  
Staff review. I informally briefed the new Chief of Station  
25X1A [REDACTED] on 13 August 1976  
on this proposal.

5. The inspectors may not remain on the job as long as the auditors.  
They may arrive at a Station some days after the auditors commence their  
work, but they will usually depart no later than the auditors. Cables  
will be sent to these Stations to alert them to this planned activity,  
and indicating the timing involved.
